I understand the following:

1. I have reviewed the excerpts of Section 72(p) of the Internal Revenue Code (IRC) printed on page 3 of this application. (If no length of time is stated, the Company will process the loan for a 60-month amortization period.) I understand that if the loan is not repaid in accordance with the appropriate schedule, the entire loan balance shall be treated as a distribution pursuant to the requirements of IRC Section 72(p) and may be subject to taxes, penalties and withdrawal charges. Should the total indebtedness against the policy equal or exceed the then cash surrender value, such cash surrender value shall be applied to the payment of the indebtedness and the contract shall automatically terminate if we have not received sufficient funds to keep the contract in force, and all liability of the Company in respect of this policy ceases. The loan shall be subject to the terms and conditions contained under the policy including the qualified plan endorsement.
3. The loan interest rate and calculation method are defined by the policy contract provisions.
4. If any amount is owed to the Company upon the Annuitant's death, or when a settlement option is elected, such amount owed will be treated as a cash withdrawal under the policy, subject to any applicable surrender charges, and the account balance to be distributed will be reduced accordingly in accordance with the terms of the policy.
5. If multiple loans are taken, repayment of each loan must adhere to its own amortization schedule.
6. Your loan may be subject to a \$25 processing fee for each loan taken unless not permitted by state law.
