**FEDERAL INCOME TAX WITHHOLDING ELECTION FOR "NON-ELIGIBLE ROLLOVER DISTRIBUTIONS"**

I elect not to have federal income tax withheld from the taxable portion of my distribution check.

I elect to have federal income tax withheld from the taxable portion of my distribution check. Insert rate if greater than 10%: \_\_\_\_\_

If an option is not selected we will withhold if required.

Please note: If your payments of estimated tax are inadequate and a sufficient amount of tax is not withheld from any distribution, penalties may be imposed under the estimated tax payment rules. If you elect withholding of federal income tax and your state requires withholding of state income tax, both taxes will be withheld. If you elect **not** to have federal income tax withheld, state income tax, if required, will not be withheld.

If you elect not to have withholding apply to your payment, or if you do not have enough federal income tax withheld, you may be responsible for payment of estimated tax. You may incur penalties under the estimated rules if your withholding and estimated tax payments are not sufficient. Most distributions (both periodic and non-periodic) from qualified retirement plans and nonqualified annuity contracts made to you before you reach age 59½ may be subject to an additional tax of 10%.

As a result of the Unemployment Compensation Amendments of 1992 (P.L. 102-318), if this distribution is an "eligible rollover distribution," as defined in Internal Revenue Code Section 402(f)(2)(A), we are required to withhold 20% of your distribution unless it is paid directly to another trustee. If this distribution is not an eligible rollover distribution, then we are required to inform you of and give you an opportunity to make a tax withholding election. The new provisions apply to distributions from qualified and nonqualified life insurance policies and annuities including, but not limited to, deferred compensation plans, pension plans and 403(b) distributions. Partial surrenders of these contracts are to be treated as distributions. Withholding will only apply to the portion of your distribution that is included in your income subject to federal income tax. Thus, there would be no withholding on the return of your own nondeductible contribution. If an election is not made or if withholding is elected, the Company is required to withhold as follows:

If your check is a nonperiodic payment, the rate of withholding will be either: (a) determined according to computational procedures or tables provided in the Treasury Regulations accompanying Internal Revenue Code Section 3405 if the distribution is either a qualified total distribution or a total distribution by reason of death of the participant; or (b) 10% for any other nonperiodic payment, unless a higher rate is requested.

**LOST POLICY STATEMENT (SURRENDER ONLY)**

I hereby certify that the policy has been lost or destroyed and I have no knowledge of its whereabouts and said policy is not assigned, hypothecated or pledged. If at any time the original policy is found, such certificate or duplicate policy will be null and void and immediately returned to the Company.
